Notes by the Way.

When writing to advertisers kindly mention the D. P.

■ ■ ■

Venezuela received it's name from the early Spanish residents, who saw in it a resemblance to Venice.

■ ■ ■

If you receive more than one copy of this paper kindly hand it to a friend.

■ ■ ■

Two-thirds of all the letters which pass through the post offices of the world are written in English.

■ ■ ■

Collectors who exchange with other countries would do well to take advantage of our Sale and Exchange department.

■ ■ ■

When sheets of postage stamps carried in the pocket-book become stuck together, do not soak them apart, but lay on a flat surface and pass a hot flat iron over them.

■ ■ ■

We are open to make arrangements to act as official organ for post card clubs, stamp societies &c., also to take over publications and finish the unexpired terms of subscription. Write us.

■ ■ ■

Stones which are used by the lithographers all over the world in making colored pictures are found in a little district not more than four or five miles long by two or three broad, near Nuremberg, Germany. Quarrying has gone on there for more than a century.

OUR SELVES.

The Dominion Philatelist is now entering on it's sixth year during which it has had the support of both Canadian and foreign collectors and dealers. In the past year we have had the pleasure of adding to our subscription list the names of several well known and advanced philatelists, with ads. for dealers well up in the business, and each mail brings us congratulations.

Our Sale and Exchange Department is well patronized, from all parts of the world dealers are writing us for terms, fully realizing the good work the Dominion Philatelist is doing both for the young and advanced collector, especially the former. For the past month we have been working hard to make an addition of four hundred names to our list; now we have succeeded, and our next number will be placed in the hands of that many more collectors. Each month we have calls for hundreds of sample copies, due to our advertisements appearing in papers in all parts of the globe, and our untiring energy in trying to make the Dominion Philatelist the best paper for all interested in our hobbies: yet we must not rest, advancement is our motto.

Collectors! we want your help and subscription: see our premium list. Dealers! we want your support and ad: see our special rates. Write us to-day.

The First Postage Stamp.

The postage stamp made it's first appearance in 1839. It's invention is due to James Chalm, a printer of Dundee, who died in 1863. England adopted the adhesive stamp according to a decree of December 21, 1839, and issued the first stamps for public use on January 6, 1840 A year later they were introduced in the United States and Switzerland, and soon after in Bavaria, Belgium and France.
